FLORIDA ATLANTIC SECURITIES CORP.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2017

NOTE 1. ORGANIZATION AND NATURE OF OPERATIONS

The Company was incorporated under the laws of the State of Florida on April 16, 1997, for the purpose of selling investment products and securities and other financial and business services. The Company's customer base is primarily located in Florida.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Customers, Broker-Dealers, Trading Inventory and Investment Balances

The Company is a registered broker-dealer and maintains its brokerage accounts on a settlement date basis; however, the accompanying financial statements are prepared on a trade date basis using the accrual method of accounting. The Company is an introducing broker, and as such, clears all transactions through a correspondent broker who carries all customer and company accounts and maintains physical custody of customer and company securities.

All securities are valued at quoted market price and unrealized gains and losses are included in revenues from firm and investment trading. The Company does not own any restricted or non-marketable securities at December 31, 2017.

Government and Other Regulation

The Company's business is subject to significant regulation by various government agencies and self-regulatory organizations. Such regulation includes, among other things, periodic examinations by these regulatory bodies to determine whether the Company is conducting and reporting its operations in accordance with the applicable requirements of these organizations. As a registered broker-dealer, the Company is subject to the SEC's net capital rule (Rule 15(c) 3-1) which requires that the Company maintain a minimum net capital, as defined.

Furniture and Fixtures

Furniture and fixtures are recorded at cost and depreciated on a straight-line basis over their estimated useful lives, which is five years.

The costs of maintenance and repairs of property and equipment are charged to expense as incurred. Costs of renewals and betterments are capitalized in the property accounts. When properties are replaced, retired, or otherwise disposed of, the cost of such properties and accumulated depreciation are deducted from the asset and depreciation reserve accounts. The related profit or loss, if any, is recorded in income.

Cash

The Company maintains deposits at financial institutions that, from time to time, may exceed federally insured limits. The exposure of the Company from these transactions is solely dependent upon daily account balances and the financial strength of the respective institution. At December 31, 2017, the company had no deposits in excess of federally insured limits.

FLORIDA ATLANTIC SECURITIES CORP.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2017

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Although these estimates are based on management's knowledge of current events and actions it may undertake in the future, they may ultimately differ from actual results.

Financial Instruments with Off-Balance-Sheet Risk

The Company, under its correspondent agreement with its clearing broker, has agreed to indemnify the clearing broker from damages or losses resulting from customer transactions. The Company is therefore exposed to off-balance-sheet risk of loss in the event that customers are unable to fulfill contractual obligations including their obligations under margin accounts. The Company has never been required to make a payment under this indemnification. In addition, the Company believes that it is unlikely it will have to make a material payment under this indemnity and accordingly has not recorded any contingent liability in its financial statements.

Fair Value of Financial Instruments

The financial position of the Company at December 31, 2017 includes certain financial instruments that may have a fair value that is different from the value currently reflected in the financial statements. In reviewing the financial instruments of the Company, certain assumptions and methods were used to determine the fair value of each category of financial instruments for which it is practicable to estimate that value.

The carrying amounts of the Company's financial instruments generally approximate their fair values at December 31, 2017.

Income Taxes

The Company, with the consent of their respective stockholders, has elected to be taxed as an S Corporation. As an S Corporation, the Company's stockholders are responsible for all federal and state income taxes. Accordingly, no provision for income taxes is presented in the accompanying financial statements. The Company files its returns under U.S. Federal and State jurisdictions. These returns are subject to income tax examinations by major taxing authorities generally for three years after the returns are filed. Therefore the current year and the three preceding years remain subject to examination as of December 31, 2017.

FLORIDA ATLANTIC SECURITIES CORP.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2017

NOTE 3. NET CAPITAL REQUIREMENT

As a broker-dealer registered with the Securities and Exchange Commission, the Company must comply with the provisions of the Commission's "Net Capital" rules, which provide that "aggregate indebtedness", as defined, shall not exceed 15 times "Net Capital", as defined, and the "Net Capital", shall not be less than \$100,000. At December 31, 2017, the Company's net capital was \$2,287,708, which was \$2,187,708 in excess of its required net capital of \$100,000. At December 31, 2017, the Company's net capital ratio was .187 to 1.

NOTE 4. FAIR VALUE MEASUREMENTS

The carrying amounts reported in the accompanying statement of financial condition for cash, due from clearing broker, accounts receivable, trading securities owned, prepaid expenses and other, due to correspondent broker for cost of trading securities owned, due to non-customers and accrued salaries and commissions, approximate fair value due to the short-term nature of these accounts.

In accordance with generally accepted accounting principle (GAAP), fair value is defined as the exit price, or the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date.

GAAP also establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs market participants would use in valuing the asset or liability and are developed based on market data obtained from sources independent of the Company. Unobservable inputs are inputs that reflect the Company's assumptions about the factors market participants would use in valuing the asset or liability. The guidance establishes three levels of inputs that may be used to measure fair value:

Level 1 — Quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.

Level 2 — Inputs (other than quoted market prices included within Level 1) that are observable, for the asset or liability either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 — Unobservable inputs that are supported by little or no market activity and rely on management's assumptions about the assumptions that market participants would use in pricing the asset or liability.

FLORIDA ATLANTIC SECURITIES CORP.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2017

NOTE 4. FAIR VALUE MEASUREMENTS (continued)

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurements. The Company reviews the fair value hierarchy classification on an annual basis. Changes in the observability of valuation inputs may result in a reclassification of levels for certain securities within the fair value hierarchy.

Municipal bonds, United States securities, certificates of deposit and corporate debt securities owned at December 31, 2017, as shown in the accompanying financial statements are valued at market prices. Valuation adjustments are not applied. Accordingly, these securities are categorized in level 1 of the fair value hierarchy.

NOTE 5. ACCOUNTS RECEIVABLE

Accounts receivable as of December 31, 2017 are as follows:

Fees receivable from customers	\$ 355,249
Interest receivable	<u>11,047</u>
	<u>\$ 366,296</u>

Fees receivable due from customers are uncollateralized earned fees arising from the Company's normal operations. Management has reviewed all accounts receivable balances and determined that these balances are fully collectible and are therefore stated at net realizable value with no allowance for doubtful accounts considered necessary.

NOTE 6. FURNITURE AND FIXTURES, NET

	Estimated Useful Lives (Years)	
Furniture and fixtures	5	\$ 24,139
Less: accumulated depreciation		<u>22,406</u>
Furniture and fixtures, net		<u>\$ 1,733</u>

Depreciation expense amounted to \$867 for the year ended December 31, 2017.

FLORIDA ATLANTIC SECURITIES CORP.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2017

This agreement requires that the Company maintain a specific deposit account of \$250,000. This deposit is included within the caption "Trading Securities Owned" in the accompanying statement of financial condition. The off- balance- sheet risks to the Company under this agreement are more fully discussed in Note 2.

NOTE 8. COMMITMENTS

The Company entered into a lease in September 2012 for its office space in Miami, Florida. Approximate future minimum rentals under this lease, not including possible increases for operating expenses, are as follows:
